Subject: [EXTERNAL]list of technical issues for the EPA, PADEP and CRW meeting on October 17

As you requested, here is a list of critical technical issues to discuss during our upcoming meeting. After introductions, we can go through the list, and any remaining questions from our correspondence commenting on the LTCP. I expect the discussion will be dominated by the technical experts rather than the lawyers.

From EPA, Chad Harsh Tom Rowlett and Pam Lazos will accompany me. Both Pam and I are attorneys in the Office of Regional Counsel. Pam's contact information is: Lazos.pamela@epa.gov, 215-814-2658. We have another attorney from HQ, Sushila Nanda, who would like to join us by phone. She can provide a call in number as long as the CRW has a conference phone available for our meeting.

Please confirm receipt of this email. I had emailed you with my contact information before but it is likely I had the wrong email address. Thanks.
